

Western Illinois University	WIU-F01
Midwest Buck Performance Test Entry Form	R-01; 03/10

1.0 Test Overview – The WIU Buck Performance Test is a confinement test (not a range/pasture test) for all breeds of meat goats with the following parameters:

- Test slots will be allotted on a first-come basis.
- Test candidates must be animals weaned no later than 11 July 2010 with birth dates during the interval 01 February to 30 April 2010 for bucks weighing a minimum of 40lbs.
- The test will last a total of 90 days (including an initial six-day adjustment period) utilizing a complete pelleted feed and free access to salt with trace minerals.

2.0 Consignor Responsibilities

- **PAY** \$100/test animal to cover the cost of feed, routine veterinary care, bedding, labor, and other general university maintenance costs.
- **WEAN** all test animals at least one week before delivery to the test station.
- **TAG** (scrapie) the animal with a unique breeder identification number in the animal's **LEFT** ear.
- **TRIM** animal hooves within one week of scheduled animal delivery.
- **VACCINATE** the candidate for CD&T (enterotoxemia) 2-4 weeks before delivery.
- **PAY** a \$25 pre-registration fee made payable to Western Illinois University and sent to Mark Hoge, Agriculture Department, 145 Knobloch Hall, Western Illinois University; Macomb, IL 61455.
- **DELIVER** test animal(s) to the test facilities on Saturday 17 July 2010 between 08:00 and 12:00.
- **COLLECT** test animal(s) from the test facilities on 23 October 2010 following the post-test seminar.
